Gotcha -

Looking thru files for the cstag info - sheesh - wished we'd have kept better records (note to self for this time!)

I don't know if it's going to be a big all day meeting, but I'll look to confirm the details today. That way we can give Keegan the heads up if attendance in person may be needed

Do you think he should be there in person? Wasn't sure but if it's a big all day affair it might be better since conf calls in a large room don't always work so well.

Good point! Thanks for having him block off his schedule. I will need to get some details from Rob about what in particular he would like to discuss about the FS so we can fine tune who should be there and how we should prepare.

Wanted to get this on our calendar's quickly as we would like Michael to participate and he will be gone from 1/11 to 1/27.

Thanks everyone,

I was thinking the same about Keegan participating so concur. And since Keegan is planning for cstag participation it would be good for him to have the working knowledge of these meetings with the CPG :)

Subject: [EXTERNAL] January 4th Meeting Accepted

Hi Jen,

I am available on the 4th and have accepted the meeting invite to keep as a placeholder. If the meeting is to discuss the FS process, FS content, deliverables, schedule, etc., then Scott and I will be able to support the meeting. If the meeting discussion will get into the weeds of technologies, then Keegan would likely be needed. Keegan is available and has blocked off the 4th. If his participation is needed, he could probably participate by phone.

Thanks,

Aaron
